Dated: 05th April, 2021

Dear Sir/Madam,

The outbreak of COVID-19 pandemic from March, 2020, has caused unprecedented situations in all sectors, including the Higher Educational Institutions in the country, so also Symbiosis International (Deemed University).

This has impacted the admissions for all Post Graduate, Under Graduate, Diploma, Exe MBA, Certificate programmes offered by the University which has severely affected the fee collection from the students, despite extending the deadlines for payment of instalments without levying of fines, for late payment of fees. Despite this, the University has proactively invested in IT infrastructure for online teaching-learning and has not compromised on the quality and delivery of academics.

Due to this difficult situation, the University has taken a decision to suspend some scholarships temporarily for the Academic Year 2021-22. The University will take stock of the situation and will take appropriate decision regarding reinstatement of the suspended scholarships in A.Y 2022-23.

Please find herewith the status of the scholarships which have been suspended / continued for the Academic Year 2021-22.

All concerned are requested to ensure that the institute website, notices issued by the institute etc. are updated with respect to this change regarding scholarships which have been suspended/ continued etc.
