Advertisement for the post of Teaching Associate

Symbiosis Institute of Geoinformatics, a constituent of Symbiosis International (Deemed University), invites applications for the positions of Teaching Associate in the following areas of expertise and knowledge skill. Candidates need to fulfill eligibility as per the University Grant Commission (UGC) guidelines.

Teaching Associate – Python Programming skills, Web Development Platforms, GIS application development

1. Master's Degree with at least 55% marks in Geoinformatics, GIS & Remote Sensing, Computer Science, Computer Applications, or allied disciplines from a recognized University. Expertise in Python programming, web development technologies, GIS software, spatial databases, and geospatial application development is essential.

The candidate will be primarily responsible for assisting faculty members in the effective delivery of theory and practical courses by conducting tutorials, laboratory sessions, workshops, and hands-on training. The role includes preparing teaching materials, lecture notes, laboratory manuals, and assignments.

Salary

As per the Symbiosis International (Deemed University) norms.

Please send your biodata to info@sig.ac.in on or before 27th July 2026 with covering letter stating about “how your qualifications and experience meet with the advertised post”. Biodata should include all qualifications, experience, publications etc. Please Mark “Application for the faculty post” on subject line. Do not send any certificate along with application.

Only shortlisted candidates will be contacted for the interview. Those who have applied for their PhD. can also apply.
